

Gregory Kipruto

My name is Gregory, and I am a twin brother to Gabriel. We recently joined Magonjet Secondary School in Grade 10. Our family struggles a lot after our parents separated. We depend on a very small tea farm, which cannot meet all our needs. Life at home is difficult, and sometimes we sleep worried about the future.

My elder brothers, Brian and Boniface, try their best to support us. They look for casual jobs every day, hoping someone will hire them for one day's work. The work is tiring, and the money is very little. Even so, they never complain. Seeing their struggle has taught me patience, humility, and the value of hard work.

I dream of becoming a priest so that I can guide people morally and spiritually. I want to help people know God and live lives of love, honesty, and responsibility. I believe that education is preparing me for this calling. I am thankful for the support that has allowed me to join secondary school, and I hope one day to serve others and give back to the community.
